

Covenant Boundaries

Here are your covenant boundaries. Here are your enemies.
The enemies you will battle with will be those in your covenant boundary. You don't go to war outside His covenant. You already have the enemies you are to overtake. Judah (the apostolic war tribe) must go first.
Lord Sabaoth is over the armies of heaven as well as the armies of earth.
Therefore, the armies of heaven will align with the armies of earth if we are moving correctly.
